DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Applicants arguments and remarks, filed February 2nd 2005, with respect to Claim 1 have been fully considered and are persuasive. The rejection of claim 1 has been withdrawn.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Claims 1-6 recite, inter alia., a battery pack with an actuation means which is guided on a guide means, and the translatory axis of the actuation means is oriented almost vertical to the side wall, and almost parallel to the floor part. The art of record does not disclose the above limitation, nor would it be obvious to modify the art of record so as to include the above limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Grant whose telephone number is 571-272-2727. The examiner can normally be reached on M-F 8:30-5.
